8. DISCUSSION ITEMS:

8.1. Food Service Update: Community Eligibility Provisions

Lorna Eddleman reported that she, serving as food service director, held a meeting with Jaye Sudar (School Board President), Diane Matherne (Business Manager), Julie Griffith (CDE Representative) to discuss the Community Eligibility Provisions Program, a program in which all students at Huerfano School District RE-1 would receive free lunches beginning the first day of the 2015/2016 school year and continuing for four years. Huerfano School District RE-1 meets all of the requirements to qualify for this program; for example, school districts need to have a minimum of 40% of students on free lunch program; our district has 62% of students on the free lunch program. Parents would still be required to fill out applications every year. This program will cost the district no money; not even matching funds. Lorna also provided a spreadsheet that shows the reimbursement increase for lunch fees; showing around a \$3000 increase per month.

8.2. Principal Reflection of Evaluations

Principal Purnell discussed strengths: The great attitude and atmosphere at Gardner School. He also discussed how well they operate with just having a principal one day a week. In regards to John Mall High School, he commented on what an awesome culture there is, and how tolerant and accepting the staff and students are this year. He also said that JMHS students are bringing pride back to the school, and that the student have a positive attitude toward ACT testing. He talked about distance learning potentially being used in concurrent enrollment classes next year, and efforts to clean up graduation requirements. He discussed his one weakness as being communication with staff, students, parents and community.

Principal Renn discussed his strengths: improved climate and culture at Peakview School with a talented staff, talented students, and very involved parents. RTI systems, positive attitudes, inviting environment., and the implementation of PBIS/PAWS. Other strength discussed is the identification of SPED; with 10% of students being on IEPs compared to the typical 3% in districts in Colorado. He talked about restructuring services, creating new programs, and core replacement efforts to meet their needs. He also identified his weakness as communication.

8.3. Superintendent Contract—Moved to 9.6. Executive Session during approval of the agenda at the beginning of the meeting.

8.4. State Review Panel Process Handbook/Stakeholder

Superintendent Moore reported to the board that the state review panel will consist of two women and will take place on April 29th (acquire data and conduct interviews) and April 30th (compiling data). Options discussed were (1) Reorganization, which, with new administration in place, we are already moving in that direction, and (2) Innovation, which is a really long process that requires extensive work. He discussed a change in the date from May 14, 2015 to August 13, 2015 for the state review meeting in Denver. The school calendar may have to be altered to accommodate for this mandatory meeting.
