<https://tinyurl.com/charterfree>

To quote their press release: To ease the strain in this challenging time, beginning Monday, March 16, Charter commits to the following for 60 days:

- Charter will offer free Spectrum broadband and Wi-Fi access for 60 days to households with K-12 and/or college students who do not already have a Spectrum broadband subscription and at any service level up to 100 Mbps. To enroll call 1-844-488-8395. Installation fees will be waived for new student households.
- Charter will partner with school districts to ensure local communities are aware of these tools to help students learn remotely. Charter will continue to offer Spectrum Internet Assist, high speed broadband program to eligible low-income households delivering speeds of 30 Mbps.
- Charter will open its Wi-Fi hotspots across our footprint for public use.
- Spectrum does not have data caps or hidden fees.

Per the Federal Communications Commission (FCC), they have encouraged all other major providers such as AT&T, Verizon, CenturyLink, T-Mobile to suspend data caps and late fees for those services for up to 60 days. This is known as the “Keep Americans Connected Pledge”.
